MESSAGE

FROM THE ASSOCIATE DEAN
for ACADEMIC AFFAIRS

Our distinguishing mark as a College of Education has been, and will continue to be, our robust educational partnerships throughout South Carolina. Few, if any, Colleges of Education throughout the country have such sustained and viable relationships with K-12 schools, districts, and other educational stakeholders. In fact, it was because of these partnerships that I came to USC. Our partnerships not only support the educational communities they are intended to serve, but also influence the design and delivery of our teacher preparation and advanced academic programs. Through such simultaneous renewal, we are able to advance educational policy, practice, and research – improving the lives of South Carolinians and providing a national model for college and community partnerships. I am personally and professionally proud of the partnership accomplishments we have made and excited for the future as our College continues to foreground its commitment to this important work.

DR. THOMAS E. HODGES

MESSAGE

FROM THE ASSISTANT DEAN
for PROFESSIONAL PARTNERSHIPS

Welcome to the first publication of our Center for Educational Partnerships Index of Partnerships! This has been a vision of mine since I took on this position in the College of Education. What this document can't begin to describe is the true sense of pride we have within our College and among our partnerships. The work we do within our partnerships is both rewarding and beneficial; data shows nearly 20% of schools and 73% of districts have at least one UofSC College of Education partnership. I have always believed in the quote, "Alone we can do so little; together we can do so much." Thank you for being part of this exciting work. Please reach out anytime with any comments or suggestions: my email is vanburen@sc.edu. Enjoy!

DR. CINDY VAN BUREN
